

Nobility and Charm Of White

Hakkımızda

1996 yılında küçük bir ocak işletmesi olarak başlayan, sabır ve meşakkat isteyen ALPAY MERMER'in bu yolculuğu günümüzde 4 fabrikalı ve dünyanın en değerli mermer ocaklarından birine sahip büyük bir firma olarak devam etmektedir.

Alpay Mermer olarak mermercilik sektöründe yenilik ve teknik gelişmelerin takipçisi olmayı, aynı zamanda bu gelişmelerin Türkiye'deki uygulayıcısı ve öncüsü olmayı misyonumuz olarak belirledik.

Müşteri memnuniyetine, kaliteye ve başarıya odaklı bu ilkelerimiz doğrultusunda ticari hayatımıza devam ederken taviz vermeyeceğimiz diğer hususlar da çalışanlarımızın güvenliği ve doğayla dost teknolojileri kullanarak yaşadığımız dünyaya saygılı olmaktır.

Alpay Mermer mermercilik sektörü denilince akla gelen ilk firma olmayı, bunu gerçekleştirirken de ticari ilkelere taviz vermemeyi kendisine vizyon edilmiştir.

Kurulduğu günden bu yana geçen sürede vizyonuna adım adım yaklaşmış, gelecekte de konumunu daha da ön sıralara taşıyarak sektörde lider konuma gelmek, gelecek planlarımızı özetler niteliktedir.

Doğanın; insanlığın kullanımına sunduğu, estetik ve sağlamlığı bir arada barındıran vazgeçilmez yapı malzemesi "MERMER"... ve temizliğin, sağlığın simgesi, hayatın vazgeçilmezi "BEYAZ"...

Ve bu malzemeye gücünü insan emeğini ve kaliteyi katarak eşsiz mekanlar oluşmasında büyük katkı sağlayan "ALPAY MERMER"...

About Us

Launched in 1996 as a small quarry operator ALPAY MARBLE, has been able to be a transnational scale operation today; with 4 factories and one of the world's best Mugla White Marble quarry, throughout a road which requires deep patience and passion.

We put forward to be the close pursuer of innovations and technical progress in the marble industry and determined to be the leader implementer of these developments as our main mission.

To go with customer satisfaction, quality and success-oriented business, in accordance with those principles, ALPAY MARBLE would never turn a blind eye on safety of his employees and environment by using high and environment friendly tech to be respectful to the world which is the shelter of all of us.

Without compromising on ALPAY MARBLE commercial principles, our vision is to be the first company to come to mind, when it is talked about the marble industry.

We have been getting closer to our vision step by step since our foundation. Moreover to summarize our future plans, we aim to increase our position further to be the industry-leading operation in the industry.

An aerial photograph of the Alpay Marble Factory. The image shows several large industrial buildings with corrugated metal roofs. In the center, there is a large open area with various pieces of machinery, including what appears to be a conveyor system and several large storage tanks. To the left, there are numerous stacks of cut marble slabs. The surrounding area includes some trees and a dirt road. The text "Alpay Marble Factory" is overlaid in the top right corner in a stylized, italicized font.
